Proposals for re-arrangement of work in the Protection and L.S.G. Branches:--

....

1) Under the recent Order the Secretariat work relating to the Legislative Council, Representative Assembly and Economic Conference has been transferred to the Ex-Officio Secretary to Govt. The remaining items of work now done in the Protection Branch are:-

(1) Legislation,
(2) Courts,
(3) Police,
(4) Registration,
(5) Prisons,
(6) Local Service Examinations,
(7) Law Department.

2) At present the work relating to Legislation and Law Department is done by the temporary additional Assistant Secretary and this appointment ceases from 31st August 1925. The point for consideration is whether one Assistant Secretary can cope with the whole work efficiently or whether any relief is required for him.

3) Formerly there was a temporary Superintendent for the Law Department work for 3 months. But this appointment was abolished. In the main file in which the Ex-Officio Secretary to the L.C., R.A. and Ec. Conference work has been appointed, there was a proposal to transfer the Legislation work also to the Ex-Officio Secretary with a trained Supdt. Now this proposal

...lew through, it has to be considered ... another Supdt. - a Law Graduate - may ...ointed for the Legislation and Law Depart... ...ork. This Supdt. may work directly under ... & L. Secretary. If this is done the ...Secretary will have much relief and will ...ve full work.

...he L.S.G.Branch is a very heavy branch and ...id to be working not satisfactorily.(Vide ...'s inspection Notes). The Medical and ...ary Sections of this branch which come ...ically under the head "Protection" and which ...attached to that Branch may again be trans- ...d to it. Then the Asst. Secretary and the ...., L.S.G. Branch, will have some relief ...his will improve the efficiency of the ...k of this Branch. The Asst. Secretary, ...ection Branch will also have adequate work.

The proposals are :-

The abolition of the additional Asst. Secretary's place from 1st Septr.25.

Appointment of a Supdt., prefereably a Law Graduate, for the Legislative and Law Department work of the Protection Branch, who will submit papers to the L. & L. Secy.

Transfer of the Medical & Sanitary Sections from the L.S.G Br. to the Protection Branch.

The Assistant Secretary, Protection Br. who has been recently trained in the Govt. of India legislative work may also help the L. & L. Secy. in important legislative measures, when required.

7)

I beg to bring to notice that I feel the need for assistance in connection with my duties as Secretary, Representative Assembly, Legislative Council, Economic Conference, Publicity Officer and Ex-officio Secretary to Government in the connected branches of work.

These duties are already heavy and will get still more So as I find that the work in each one of these sections is rapidly increasing.

I understand that with effect from 1st of next month, it is proposed to revert one of the Assistant Secretaries attached to the Protection Branch, as there is not full work for ~~them~~ him.

I beg that he may ~~may~~ be retained in the Secretariat and entrusted with some of the duties connected with my office. If this proposal is sanctioned separate proposals will be submitted regarding the details of the duties to be assigned to him.

8) The arrangement proposed above will involve an expenditure of Rs.3600 for the rest of the year. I may point out that so far as this year is concerned no additional funds need be provided since the combination of the duties of the Revenue Secretary and the Inspector of Office System in one officer will affect more than the necessary savings.

(11) Regarding the proposal to abolish the additional Assistant Secretary's place from 1st September 1925, I beg to state that it is not possible to abolish the place in view of ~~the urgent neces-~~ ~~sity~~ the conditions of work consequent on the introduction of the reforms. This matter has received considerable attention and Mr. Humza Hussain as First Member of Council has exhaustively dealt with this aspect of the case and has shown the necessity for the formation of a separate legislative branch in the Secretariat with an Assistant Secretary in charge thereof. There are many bills at different stages of drafting and some more are to be taken up shortly such as the Code of Criminal Procedure, the revision of the Land Revenue Code the Village Panchayets Regulation, Local Boards Regulation and others. Rules also have to be framed under these Regulations. There are many Rules which have been passed under different Regulations which require revision. A trained and efficient Assistant Secretary is necessary to deal with these matters and to give help to the Local and Legislative Secretary ~~and to render help~~ in the work of the Law department. It is difficult, may well nigh impossible, for one Assistant Secretary to be incharge of the Protection Branch including the work of the Legislative ~~Department~~ the Law Department. At present Mr. Singaravelu Mudaliar who is in charge of the Protection Branch has been attending office both in the morning and afternoon to my personal knowledge and it is difficult for him to manage the work efficiently. There are some delays which are noticed by the members of Council

though he has been working very hard. It will be cruel for one Assistant Secretary to be placed in charge of both.

12) As to the desirability of appointing a Superintendent for the Law Department work I doubt very much whether a raw hand can, in any way, help the Local and Legislative Secretary in the work of these Departments. Instead of a Superintendent, the Additional Assistant Secretary may be continued. The extra cost will not be much. If the Additional Assistant Secretary is ~~continued~~ retained, the work may be distributed between the Assistant Secretaries in such a manner as to take in both Medical and Sanitary from the L.S.G. Branch to the Protection Branch and also render help to Mr. R.Renga Rao in his work as required by him in his note of to-day. As shown by Mr. Humza Hussain one of these two Assistant Secretaries will attend to the preparation of the administration report work also for three months in every year for which Government are sanctioning extra expenditure now. As observed by Mr. Humza Hussain "the extra expenditure is absolutely necessary in the interests of efficient legislative work and ought not I think be grudged."
